## **BOLSHEVISTS DRIVING** SIBERIAN ARMIES BACK

Delayed Dispatch Tells of Reds Approach With Large Force on Ufa.

MASSED 8,000 CAVALRYMEN

Opposing Troops, Handicapped by Lack of Rifles, Unable to Support Advance Elements-Recruits' Guns Sent to Front.

TBy Associated Press.1 OMSK, June 26 (Delayed).—During the last fortnight the Siberian Western arm yhas retired from the Viatka River to the Kama, approximately 100 miles, before superior Bolshevist forces. The Northern army, under General Gaida, has pushed forward slightly and occupied the Glasox, holding the line to the northward, but being unable to hold its left flank toward Sarapul. Ufa is under bombardment, from Bolshevist The Bolshevists massed large forces.

including 8,000 cavalrymen, along the Ufa-Samara railroad, outnumbering the Siberian army by quite a large proportion.

The cavalry, taking advantage of the rapid advance of the Western army during March and April, pushed a Wedge between it and the Northern army, turned the flanks of the two armies, and this operipitated their retreat. The Western army, handicapped by a lack of rifles, was unable to support the advanced elements sufficiently to check the retreat until the Kama was reached. Thousands of mobilized solders, who had been released from service, had been gathered in the rear, but could not be made available to meet the situation. Recruits who are training are being disarmed to supply the troops at the front with rifles. The need of small arms is extremely pressing. There is a tremendous exodus of civilians and peasants, who are fleeing from the third Bolshevist visitation.

The present front runs from Sarapul The present front runs from Sarapul to Ufa and thence to Smerlitamak and Orenburg. From there it runs west slong the Ural Rover.—

The foregoing dispatch from Omsk, delayed in transmission, was filed before the announcement by the Kolchalk government that Ufa had been evacuated.

ANTI- BOLSHEVISTS GAIN RAPIDLY IN THE UKRAINE

Petiura Advances on Klev and Grigo-rieff Occupies Important Black Sea Ports.

(By Associated Press.1 LONDON, June 28.—The anti-Bolshe-vist leaders in the Ukraine have been pushing successfully their campaign against the Soviet forces, according to a telegram received by the Ukrain-ian mission here. cral Petiura has advanced along the entire front and is within twenty miles of klev.

The forces under General Grigorieff, it is added, after occupying Odessa, Kherson and Nikolalev, are marching northward to establish communication with Petiura and to beginning an offensive along the Dulester.

General Grigorieff, if the reports received are correct, apparently has gained greater success against the Bolshevists than had been indicated recently, as the occupation of Odessa and the other cities mentioned places in his hands, the most important ports on the northwestern coast of the Black Sea.

SICK MAN KILLED ON FIELD OF BATTLE BY HUN SHELL

Note-Book and Letter Received Telling of Death of Sergeant Clif-ton L. Melton.

A. Hulcher, of 2320 South Stuart Avenue, received a note-book yesterday from an army chaptain now in day from an army chaplain now in France, telling of the tragic death of Sergeant Clifton Lee Meiton on October 8, 1318. According to the story told in the letter accompanying the note-book, Meiton, while attached to the Three Hundred and Eighteenth Infantry, became ill on the battle field.

An ambulance was called and the soldier was placed within and started for the rear, when an enemy shell struck the ambulance, killing the sick man and completely demolishing the automobile.

LONDON. June 28.—Great Britain has no present intention of paying off her indebtedness to the United States by surrendering to the American bankings interests securities she holds in South American countries.

Cecil Harmsworth, Under Foreign Secretary, informed Sir R. Cooper in the House of Commons that a Paris report implying such procedure had no foundation in fact. It was reported that negotiations in that direction had been held in Paris.
